To the Board of County Commissioners:

As I present the 2022 Proposed Budget for your consideration, I continue to be amazed by the incredible response to the COVID-19 pandemic. In the past 18 months, county staff and commissioners have provided incredible leadership and resources to our residents and business community. The resiliency of our employees and community members has been remarkable – and this of course includes our budget staff who managed CARES Act Funding, ARPA Funding and other pandemic-related financial oversight – in addition to their exceptional work on the county's annual budget.

The information provided in the following document will outline my recommended funding proposal and initiatives being requested in 2022. The budget recommendation was built with the Board of County Commissioner's strategic goals in mind. Those strategic goals focused on:

- Education and Economic Vitality
- Creating a high performing, fiscally sustainable government
- Improving the overall Quality of Life of our residents
- Maintaining a safe and reliable infrastructure system
- Community Enrichment

The financial and operational strength of the organization was a primary consideration when evaluating the operating and capital requests presented to me for this coming year. Property tax revenue is expected to increase 10.5% in 2022 due to reassessment of property values in 2021. Another key revenue source is sales tax revenue. The County's sales tax is expected to increase 10%. Surprisingly, we have seen increases in sales tax in both 2020 and 2021. Sales tax revenue is projected at just over \$73.4 million in 2022. However, it was imperative that this budget recommendation be built upon an operation and financing plan that is structurally balanced, and appropriately directs needed capital and one-time related projects toward one-time revenue sources.

In comparison to the 2021 Adopted Budget, the 2022 proposed operating budget represents a \$55.6 million increase, or 10.6%, over the previous year's appropriation. A key budgetary priority for this year's recommendation was to ensure we maintain current service levels to the residents of Adams County while being aware of the current economic trends and obstacles as we continue to respond to the COVID-19 Pandemic.

The proposed capital improvement plan recommends an investment of approximately \$76.3 million in needed capital infrastructure and maintenance projects, while prudently keeping expenditures balanced within the available resource limitations. The 2022 capital budget addresses a variety of infrastructure needs of the organization.

This budget also addresses some key focus areas:

- \$11.7 million increased allocations in several areas to help our most vulnerable residents, including but not limited to homelessness programs and a scholarship program for deserving students.
- \$18.4 million in new and ongoing road and bridge projects
- \$4.3 million in new and replacement fleet needs throughout the county, including public safety and highway equipment
- \$36.2 million in facility projects including continuing construction on the fleet and public works building.
- \$6.3 million in Open Space projects including acquisitions to enhance an already robust Parks & Open Space system.

The preliminary budget does not propose any changes to the current mill levy structure. As such, the proposed mill levy is recommended to remain unchanged at 26.779 mills, with an abatement levy of 0.290 for a total of 27.069 mills for 2022.

Finally, I would like to thank each of the elected officials, department directors, and the County's budget staff for their cooperation and strategic vision they have brought forth with their requests for this year. Also, I would like to thank the Commissioners for their guidance in outlining their goals and objectives for this coming year, especially as staff worked to prepare a budget that I believe meets those objectives and the needs of the organization at this time. Leading up to the adoption of the budget in November, there will be continued dialogue as we refine projections and continually assess operational and capital needs for the coming year. I also encourage public input into the review of this preliminary budget proposal and recommend any comments be provided to the County's budget office for distribution to the Board of County Commissioners for consideration leading up to the budget adoption.

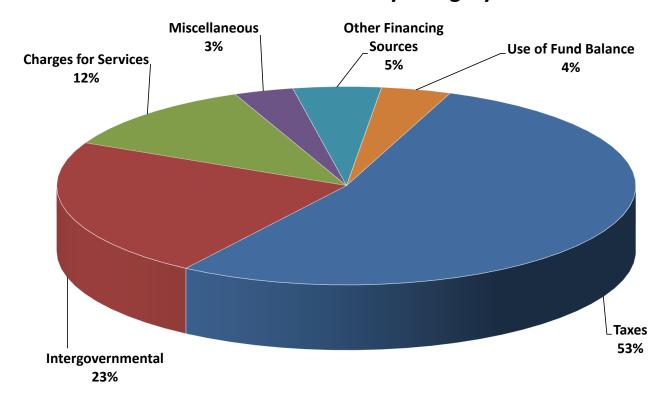

Respectfully,

Raymond H. Gonzales County Manager

¹Projected expenditures in 2023-2026 are based on the best information available at the time of budget development. As multi-year projects progress, these amounts are subject to change.

²These requests are fleet replacements based on a replacement schedule that factors in vehicle age, maintenance costs, mileage, etc.

³Expenditures planned for 2022 are based on current contracts and are subject to change based on project readiness.

⁴The RRP - Multi Use Arena is in the process of being designed. Projected expenditures will be updated as the design is completed.
