SUBDIVISION-MAJOR / PRELIMINARY

Application submittals must include all documents on this checklist as well as this page. Please use the reference guide (pg. 3) included in this packet for more information on each submittal item.

All applications shall be submitted electronically to epermitcenter@adcogov.org. If the submittal is too large to email as an attachment, the application may be sent as an unlocked OneDrive link. Alternatively, the application may be delivered on a flash drive to the One-Stop Customer Service Center. All documents should be combined in a single PDF. Once a complete application has been received, fees will be invoiced and payable online at https://permits.adcogov.org/CitizenAccess/.

☐ 1. Development Application Form (pg. 4)
☐ 2. Application Fees (pg. 2)
☐ 3. Written Explanation of the Project
☐ 4. Site Plan Showing Proposed Development
☐ 5. Copy of Plat prepared by Registered Land Surveyor (pg. 7)
☐ 6. School Impact Analysis (contact applicable District)
☐ 7. Fire Protection Report (required prior to public hearing)
☐ 8. Proof of Ownership (title policy dated within 30 days of submittal)
☐ 9. Proof of Water and Sewer Services
☐ 10. Proof of Utilities (e.g. electric, gas)
☐ 11. Legal Description
☐ 12. Statement of Taxes Paid
☐ 13. Certificate of Notice to Mineral Estate Owners/and Lessees (pg. 12)
☐ 14. Certificate of Surface Development (pg. 13)

Required Engineering Documents (see notes on next page)

☐ 1. Preliminary Drainage Report
☐ 2. Preliminary Traffic Impact Study
☐ 3. Preliminary Erosion and Sediment Control Plans
☐ 4. Preliminary Construction/ Engineering Design Plans

1 - These notated fees are one-time. The Colorado Geological Survey and Soils Conservation District will honor the fee from Preliminary to Final Plat. Engineering Review will include both preliminary and final and does not need to be submitted a second time. Tri-County Health Department will require a review fee for both preliminary and final.

2 - A subdivision engineering review may not be required if the project is determined not to require public improvements.
The submittal documents for all Land Use/Development Applications are listed below. Detailed explanations of the submittal documents are also provided.

All development application submittals shall comprise of one (1) electronic copy (emailed or delivered on a USB). Application submittals that do not conform to these guidelines shall not be accepted.

3. Written Explanation of the Project:
   - A clear and concise, yet thorough, description of the proposal. Please include, if applicable, timeframe, purpose of project, and improvements that will be made to the site

4. Site Plan Showing Proposed Development:
   - A detailed drawing of existing and proposed improvements
   - Including:
     o Streets, roads, and intersections
     o Driveways, access points, and parking areas
     o Existing and proposed structures, wells, and septic systems,
     o Easements, utility lines, and no build or hazardous areas
     o Scale, north arrow, and date of preparation
   - An Improvement Location Certificate or Survey may be required during the official review

5. Copy of Plat Prepared by Registered Land Surveyor
   - A map or maps together with supporting documentation of certain described land providing permanent and accurate record of the legal description, dedications, exact size, shape, and location of lots, blocks, streets, easements, and parcels

6. School Impact Analysis:
   - Contact the applicable school district for the analysis
   - Should include the increase in elementary, middle, and high school students and the existing school sites and structure of the applicable district in which the subdivision is proposed to be located

7. Fire Protection Report:
   - Shall discuss the adequacy of protection within the propose subdivision and be approved by the appropriate fire district

8. Proof of Ownership:
   - A deed may be found in the Office of the Clerk and Recorder
   - A title commitment is prepared by a professional title company

9. Proof of Water:
   - Public utilities - A written statement from the appropriate water district indicating that they will provide service to the property OR a copy of a current bill from the service provider
   - Private utilities - Well permit(s) information can be obtained from the Colorado State Division of Water Resources at (303) 866-3587

Proof of Sewer:
- Public utilities - A written statement from the appropriate sanitation district indicating that they will provide service to the property OR a copy of a current bill from the service provider
- Private utilities - A written statement from Tri-County Health indicating the viability of obtaining Onsite Wastewater Treatment Systems

10. Proof of Utilities (Gas, Electric, etc):
- A written statement from the appropriate utility provider indicating that they will provide service to the property
- Copy of a current bill from the service provider
11. Legal Description:
- Geographical description used to locate and identify a property
- Visit http://gisapp.adcogov.org/quicksearch/ to find the legal description for your property

12. Statement of Taxes Paid:
- All taxes on the subject property must be paid in full. Please contact the Adams County Treasurer’s Office
- Visit https://adcotax.com/treasurer/web/

13-14. Certificate of Notice to Mineral Estate Owners/ Certificate of Surface Development:
- The State of Colorado requires notification to mineral rights owners of applications for surface development (i.e. zoning, plats, etc.)
- Mineral or Surface right owners may be found in the title commitment for the subject property
- You may also search the Office of the Clerk and Recorder for any recorded deeds, easements, or other documents.

Required Engineering Documents

1. Level 1-Storm Drainage Plan:
- A level 1 Storm Drainage Plan is a preliminary design plan showing existing and proposed site drainage features or improvements and, is intended to show how the storm drainage will be mitigated.
- See Appendix B of the Development Standards for a plan preparation checklist

2. Traffic Impact Study:
- Intended to forecast and mitigate the transportation and traffic impacts of a proposed land use development or redevelopment project
- See Chapter 8 of the Adams County Development Standards for requirements

3. Erosion and Sediment Control Plans:
- Erosion and Sediment Control (ESC) plans are construction plans showing the proposed Best Management Practices (BMP) that will be used to mitigate erosion and the transport of sediment from a site under construction.
- ESC plans are often done in three (3) phases: Initial, Interim and, Final.
- These plans must also include installation details for each of the BMP’s.

4. Construction / Engineering Design Plans:
- A set of maps and/or drawings showing how a proposed development is to be constructed.
- The plans must include:
  - site maps of the existing conditions and proposed improvements,
  - installation/construction details for all proposed improvements,
  - survey control (horizontal and vertical) for locating the improvements and,
  - all necessary specification for the products to be used.
- Construction plans are often broken out for specific improvements; for example: site plan, grading plan, waterline improvement plans, roadways improvements plans, etc.

Analysis of the proposed site and hydraulic analysis of all proposed drainage mitigation measures. A Level 3 SDS also includes a drainage plan and construction plans for all drainage mitigation features.
- See Appendix B of the Development Standards for a plan preparation checklist

Preliminary Plat Subdivision Checklist Requirements

1. **Subdivision Name, Subtitle:** Name of subdivision at the top of the sheet, followed by a subtitle identifying the section, township and range information along with County and State.

2. **Property Description:** An accurate and clear property (legal) description of the overall boundary of the subdivision with the acreage of the subdivision. All courses in the property (legal) description shall be shown and labeled on the plat drawing, with all bearings having the same direction as called out in the legal description. The only exception being where more than one description is required, going a different direction over the same course. The direction shall then hold for the description having more weight (i.e., the overall boundary) for purposes of the plat. If both record and "as-measured" dimensions are being used, show both and clearly label on the plat drawing. Point of commencement and/or point of beginning shall be clearly labeled on the plat drawing.

3. **Ownership Certificate:**

   Know all men by these presents that (owner name(s)), being the sole owner of the following described tract of land:

   **Legal Description**

   Have (Has) by these presents laid out, platted and subdivided the same into lots, streets and easements as shown on this plat under the name and style of (subdivision name).

4. **Dedication Statements:** Statements of land to be dedicated to the County for parks or other public uses, grants of easements and dedication of public streets to the Adams County are required.

   a. All plats with public streets shall have the following sentence in the dedication statement:

      All public streets are hereby dedicated to Adams County for public use.

   b. All plats with public easements and/or tracts must have the following sentence in the dedication statement:
The undersigned does hereby dedicate, grant and convey to Adams County those Public Easements (and tracts) as shown on the plat; and further restricts the use of all Public Easement to Adams County and/or its assigns, provided however, that the sole right and authority to release or quitclaim all or any such Public Easements shall remain exclusively vested in Adams County.

c. All plats with private streets shall have the following sentence in the dedication statement:

All private streets (insert names) are privately owned and maintained by (list owner name, Owner's Association, etc.).

d. All plats with other tracts being dedicated to the County shall have:

(1) A sentence in the dedication statement similar to "Tract X is hereby dedicated to Adams County for public use".

(2) A special numbered plat note defining the purpose and perpetual maintenance responsibility for the tract such as "Tract X is for public drainage, landscaping, trail and open space with maintenance of the surface being vested in the (District Name) Special Maintenance District".

5. **Surveyor's Statement:** Statement by a registered land surveyor, professionally licensed by the State of Colorado, to the effect that the layout represents a survey made by him and that the monuments thereon actually exist as located and that all dimensional and other details are correct.

6. **Access Provisions:**

a. Statement Restricting Access: A statement restricting access rights across the right-of-way lines of major highways, parkways, streets or freeways, where required as a provision of approval.

7. **Easement Statement:**

Six-foot (6') wide utility easements are hereby dedicated on private property adjacent to the front lot lines of each lot in the subdivision. In addition, eight-foot (8') wide dry utility easements are hereby dedicated around the perimeter of tracts, parcels and/or open space areas. These easements are dedicated to Adams County for the benefit of the applicable utility providers for the installation, maintenance, and replacement of utilities.
Utility easements shall also be granted within any access easements and private streets in the subdivision. Permanent structures, improvements, objects, buildings, wells, water meters and other objects that may interfere with the utility facilities or use thereof (Interfering Objects) shall not be permitted within said utility easements and the utility providers, as grantees, may remove any Interfering Objects at no cost to such grantees, including, without limitation, vegetation.

8. Storm Drainage Facilities Statement:

The policy of the County requires that maintenance access shall be provided to all storm drainage facilities to assure continuous operational capability of the system. The property owners shall be responsible for the maintenance of all drainage facilities including inlets, pipes, culverts, channels, ditches, hydraulic structures, and detention basins located on their land unless modified by the subdivision development agreement. Should the owner fail to maintain said facilities, the County shall have the right to enter said land for the sole purpose of operations and maintenance. All such maintenance cost will be assessed to the property owners.

9. Layout: The exact layout including:

a. **Boundary Lines:** The subdivision boundary will be clearly distinguishable from other map lines by use of a distinct line type and/or thickness. All lines will be labeled with a complete bearing and distance, and all curves will be labeled with a central angle (delta), radius and arc length. Radial bearings and/or chord bearings will be provided for all nontangent curves. All dimensions to be determined by accurate field survey which must balance and close within limit of one in five thousand (5,000). Show adjacent and/or intersecting plat/deed lines and label appropriately to include recording information (book and page and/or reception number).

b. **Streets:** All street rights of way defined by the plat will be clearly distinguishable from other map lines by use of a distinct line type and/or thickness. All lines will be labeled with a complete bearing and distance, and all curves will be labeled with a central angle (delta), radius and arc length. Radial bearings and/or chord bearings will be provided for all nontangent curves. Widths shall be labeled from each right-of-way line normal to the corresponding street center line. All street center lines defined by the plat will be clearly distinguishable from other map lines by use of distinct line type and/or thickness. All lines will be labeled with a complete bearing and distance and all curves will be labeled with a central angle (delta), radius and arc length. Radial bearings and/or chord bearings will be provided for all nontangent curves.
plat shall show the right-of-way lines, widths, locations and street names of all existing and proposed public or private streets:

(1) Within the proposed subdivision, and

(2) Immediately abutting the proposed subdivision, and

(3) Any private street shall include the designation "(Private)" immediately following street name; any other private right of way that is not named shall include the designation "(Private)" in a manner that clearly conveys such a status.

c. **Easements**: All easements as required by Adams County and other public and quasi-public agencies. Said easements shall be clearly labeled to include width, use and identification as public or private, if necessary. Tie to property lines and annotate with bearings and distances as necessary. Clearly show and label all existing easements, to include width and recording information, that cross, abut or are located within the subdivision boundary.

d. **Lots And Blocks**: All lines of lots, blocks and other parcels of land defined by the plat will be clearly distinguishable from other map lines by use of a distinct line type and/or thickness. All lines will be labeled with a complete bearing and distance and all curves will be labeled with a radius and arc length. Lots must close to one in five thousand (5,000).

e. **Readability**: All line annotation and all other text will be easily and clearly readable. No text shall overwrite other text or be overwritten by map lines.

f. **Leader Lines**: Use leader lines whenever a dimension is not clearly and unmistakably associated with a given line, line segment or arc.

g. **Multiple Sheets**: Whenever a plat drawing spans multiple sheets, clear and well labeled match lines and a key map shall be included on each sheet. Labels will be of the nature "See Sheet of ". Duplicate street names, widths, lot numbers, tract names, easement labeling or any such labeling when any feature is shown on multiple sheets.

h. **Identification System**: All lots and blocks in the subdivision shall be numbered, beginning with the numeral "1" and continuing consecutively throughout the tract, with no omissions or duplications. All tracts shall be likewise labeled beginning with the letter "A". Lots and tracts shall be labeled with the area of the lot or tract.
i. Legend: Provide a legend which designates all lines and symbols except where called out on plat drawing.

j. Inundation Mark: The plat shall clearly show the 100-year floodplain line. Reference the appropriate FEMA panel by which the location of this line has been determined.

10. **Easements**: Book and page and/or reception number for all existing and newly created easements.

11. **Adjacent Subdivision**: Names of adjacent platted areas along with the reception and/or plat book and page number shall be shown. If unplatted, so indicate. Existing street rights of way that intersect the subdivision boundary or are adjacent to said boundary lines shall be clearly labeled with the street name, right of way width and appropriate deed or plat recording information wherein the right of way is defined. Show and label all existing lots and blocks that are immediately adjacent to the subdivision boundary.

12. **Basis Of Bearing**: A clearly defined basis of bearings shall be provided, both verbally and graphically. All monumentation defining said line shall be shown and labeled on the plat drawing. When said line is not common with the subdivision boundary, it shall be accurately tied to the boundary with bearings and distances.

13. **Monuments**: All monuments used to determine and/or describe a boundary (including basis of bearings, point of beginning and point of commencement) shall be shown and clearly labeled on the plat drawing. Monuments for corners defined by the plat, or otherwise found to be missing in the field, shall be placed and set in accord with the requirements of the State of Colorado.

14. **Not A Part Of Subdivision**: All areas enclosed within the subdivision boundary which do not constitute a part of the subdivision shall be labeled "Not a part of this subdivision". All lines pertaining to such areas shall be dashed.

15. **Square Footage**: The area in square feet of all lot and tracts sought to be platted.

16. **Closure Sheets**: One copy of the computed closure sheets for the subdivision boundary.

17. **Other Information**: All other information required by State law.
CERTIFICATION OF NOTICE TO MINERAL ESTATE OWNERS

I/We, ________________________________________________________________
(the “Applicant”) by signing below, hereby declare and certify as follows:

With respect to the property located at:

Physical Address: _______________________________________________________
Legal Description: _______________________________________________________
Parcel #(s): __________________________________________________________

(PLEASE CHECK ONE):

_____ On the _____ day of __________________, 20____, which is not less than thirty days
before the initial public hearing, notice of application for surface development was provided

or

_____ I/We have searched the records of the Adams County Tax Assessor and the Adams County

Clerk and Recorder for the above identified parcel and have found that no mineral estate

owner is identified therein.

Date: ___________ Applicant: __________________________________________

By: ___________________________

Witness my hand and official seal.

My Commission expires: _____________

Notary Public

After Recording Return To: Name and Address of Person Preparing Legal Description:

A recorded copy of this Certification shall be submitted to the Adams County Community and
Economic Development Department with all applicable land use applications.
I/We, ____________________________________________________________, (the “Applicant”) by signing below, hereby declare and certify as follows:

Concerning the property located at:

Physical Address: _____________________________________________________

Legal Description: _____________________________________________________

Parcel #(s): _____________________________

With respect to qualifying surface developments, that (PLEASE CHECK ONE):

_____  No mineral estate owner has entered an appearance or filed an objection to the proposed application for development within thirty days after the initial public hearing on the application; or

_____  The Applicant and any mineral estate owners who have filed an objection to the proposed application for development or have otherwise filed an entry of appearance in the initial public hearing regarding such application no later than thirty days following the initial public hearing on the application have executed a surface use agreement related to the property included in the application for development, the provisions of which have been incorporated into the application for development or are evidenced by a memorandum or otherwise recorded in the records of the clerk and recorder of the county in which the property is located so as to provide notice to transferees of the Applicant, who shall be bound by such surface use agreements; or

_____  The application for development provides:

   (i)  Access to mineral operations, surface facilities, flowlines, and pipelines in support of such operations existing when the final public hearing on the application for development is held by means of public roads sufficient to withstand trucks and drilling equipment or thirty-foot-wide access easements;

   (ii) An oil and gas operations area and existing well site locations in accordance with section 24-65.5-103.5 of the Colorado Revised Statutes; and

   (iii) That the deposit for incremental drilling costs described in section 24-65.5-103.7 of the Colorado Revised Statutes has been made.
